TOP FIVE REASONS TO
PICK HPE PROLIANT

"Why do you use HPE ProLiant servers?"

1 RELIABILITY

"I have been using HPE ProLiant for many, many years and have rarely had an issue that could not be resolved."

—Dave Hausmann,
BSIT/ISS Associate Information Officer, Su Clinica[1]

2 SUPPORT

"When we had a part die, a replacement was sent with a tech to replace it by the next morning."

— Sean Wolsey,
Independent Contractor, SnS IT[1]

3 VALUE

"Standardizing on HPE ProLiant servers has...allowed us to spend more time on selling and less on support."

—Marco Iannetta,
IT Professional, MAI Computing[2]

4 LOYALTY

"We have been relying on HPE ProLiant Solutions for 20+ years and no reason to change."

—Brian McNutt,
System Administrator, Moore Ingram Johnson & Steele, LLP[2]

5 MANAGEABILITY

"HPE ProLiant servers are a shoo-in because they are easy to install/upgrade."

—Thomas Latimer,
Owner/Chief Consultant, Precision Computer Systems[2]
