

MCCP Core™

Managed Cybersecurity & Compliance Services Provider (MCCP)

CYBERSECURITY & COMPLIANCE IN ONE MANAGED SERVICE

MCCP is a holistic "stack" of cybersecurity & compliance services combined into one efficient managed program. Clients, partners, supply-chain, and regulators are increasingly demanding that organizations prove a degree of cybersecurity maturity tied to compliance with regulatory and best-practices frameworks.

This is driving a growing interrelationship between cybersecurity & compliance. By combining these into a single managed service, customers realize substantial cost savings and reduced operational and organizational complexity.

BENEFITS

Compliance & cybersecurity integrated into ONE managed program

24/7/365 cybersecurity management & monitoring

24/7/365 continuous compliance management & monitoring

Entire team of compliance & cybersecurity experts for a fraction of the cost

Continuous compliance attestation for auditors, prospects, or clients

ONE CONVENIENT MONTHLY SUBSCRIPTION FEE

Resolution for the most common challenges around compliance, cost, and complexity

TESTIMONIALS

Abacode was the first company that could not only advise our team on the right strategy but also implement and run an entire outsourced Cybersecurity and Compliance program for us.

Jim Miller, CIO

"Partnering with Abacode allows us to utilize the expertise of its staff to properly implement a managed cybersecurity program, helping to protect the Tampa Bay Lightning, Tampa Bay Storm, and AMALIE Arena against threats without the overhead of additional staff and resources focused solely in these areas. We are pleased to have Abacode as a partner."

– VP of Innovation and Technology Services

TAMPA BAY LIGHTNING

"We rely on partners to help drive the Tech Data brand and services practice forward, and Abacode is one of those companies we've been incredibly excited to collaborate with. Abacode's people and process are second to none. They bring a level of quality and depth of services that are truly hard to find. Tech Data and Abacode, combined, are hard to beat."

– Vice President, Security Solutions
